

§ 81.17

may accompany the voter into the booth upon the latter's request.

§ 81.17 Electioneering.

There shall be no electioneering during voting hours within 50 feet of any voting place. Sample ballots will be permitted in the voting booth.

§ 81.18 Manner of voting.

(a) Registered voters may vote by arriving at the appropriate polling place within the prescribed voting hours telling officials their names and addresses, signing their signature or mark on the voting list, and by marking and placing in the ballot box the ballots which will be handed to them. Voting shall be by secret ballot.

(b) Voting may take place at the same time regarding the adoption of a constitution, the ratification of a charter, or the amendment of such documents; provided, that entitlement to vote for the proposal is consistent with § 81.6 of this part and, provided further, that no charter shall be considered ratified if the proposed constitution is not adopted and approved.

(c) The election board may choose not to use polling places and provide for the issuance and receipt of ballots entirely through the United States Postal Service. In that event, the election board shall use the appropriate procedures set forth in this part relating to absentee balloting.

§ 81.19 Absentee voting.

(a) Nonresident members who have registered may vote by absentee ballot except as prohibited by § 81.6. Also, whenever, due to temporary absence from the reservation, illness, or physical disability, a registered and otherwise eligible voter is not able to vote at the polls and notifies the election board, the voter shall be entitled to vote by absentee ballot. Upon his or her request, the election board shall give or mail absentee ballots to registered voters who may be entitled to receive them pursuant to § 81.6. At the same time, such voters will also be provided a copy of the proposal to be voted upon when the full text does not appear on the ballot. Appropriate records shall be kept of those from whom requests are received and the date they were re-

25 CFR Ch. I (4-1-11 Edition)

ceived. The election board shall allow an absentee voter no less than ten days from the mailing out of an absentee ballot to receive and return the ballot. This period shall not be afforded absentee voters desiring to exchange a mutilated or spoiled ballot less than ten days before the election date. While requests for absentee ballots received less than ten days before an election will be promptly honored, no absentee ballot will be counted if received later than either the close of the polls or after some other deadline established by the election board. The election board shall furnish election officials the names of individuals who have been given or had mailed to them an absentee ballot.

(b) Accompanying the absentee ballot shall be:

(1) An inner envelope bearing on the outside, the words "Absentee Ballot,"

(2) Instructions for completion of the absentee ballot,

(3) A copy of the proposed amendment, and

(4) A preaddressed outer envelope, imprinted on the back with a certificate as follows:

I, (name of voter), hereby certify that I am a qualified voter of the (name) Tribe of Indians; that I will be 18 years of age or over at the election date and am entitled to vote in the election to be held on (date of election); and that I cannot appear at the polling place on the reservation on the date of the election because (indicate one of the following reasons): I am a non resident voter ☐; or I expect to be temporarily absent from the reservation ☐; or because of illness ☐; or physical disability ☐; or because no polling place has been established ☐. I further certify that I marked the enclosed ballot in secret.

Signed: _____ (voter's signature).

(c) The absentee voter shall mark the ballot and the ballot shall then be folded so as to conceal the marking and be placed in the envelope marked "Absentee Ballot" and the envelope sealed. The voter shall then place the sealed envelope marked "Absentee Ballot" in the outer envelope, seal it and complete the certificate and mail it. The preaddressed outer envelope shall be directed to the election board at the reservation. Absentee ballots must be received by the election board not later

Bureau of Indian Affairs, Interior

§81.21

than the close of the polls or as otherwise directed by the election board.

(d) The election board shall make and keep a record of ballots mailed, to whom mailed, the date of mailing, the address on the envelope, the date of the return of the ballot, and from whom received. After duly recording the receipt date of absentee ballots received on time, representatives of the election board shall open the outer envelopes, secure them and place the unmarked inner envelopes containing the ballots in a separate box reserved for that purpose. After all other ballots have been counted, the absentee ballots shall be counted immediately and included in the results of the election.

§81.20 Ballots.

(a) Ballots are to be prepared clearly and simply so that it is easy for the voters to indicate a choice between no more than two alternatives. For example, if a tribal council or the petitioners propose to reduce the one-half degree blood quantum required to qualify for membership but want the voters to decide whether it should be one-fourth or one-eighth, it would not be appropriate to put those two alternatives on the ballot. Doing so, would deny the voters an opportunity to vote for keeping the one-half degree blood quantum. Neither would it be appropriate to include all three blood quantum alternatives. Rather, those proposing the change should decide which blood quantum is to be submitted to the voters. The ballot in the Secretarial election would then give the electors the choice of marking either "yes" or "no." A vote against the proposed change would be in favor of keeping the one-half degree blood quantum in the example.

(b) In preparing ballots for proposed amendments, care should be taken to ensure that:

(1) Each proposed amendment addresses only a single question.

(2) If a proposed amendment conflicts with other provisions of the document being amended, the ballot shall be prepared so that the question includes all changes in those other directly related provisions in order to avoid contradictions within the document.

(3) When more than one amendment is being submitted to the voters at a given election, the proposals shall be identified with alphabetical designations rather than numerical. The first of the several proposals would be labeled "Proposed Amendment A," the next would be "Proposed Amendment B," etc. Those amendments that are adopted and approved would then be assigned consecutive numbers to follow those assigned any earlier amendments that may have been made to that governing document. A statement similar to the following shall appear on each of the proposed amendments and shall be completed following the election:

Having been duly adopted and approved, Proposed Amendment (A,B,C, etc.) is hereby designated as Amendment No. ___ to the (Constitution, Charter, etc.) of the (name of tribe) Tribe.

(c) The election board will supply all ballots. Each ballot shall be stamped in red ink on its face in the same place:

OFFICIAL BALLOT
(Facsimile Signature)
CHAIRMAN, ELECTION BOARD

(d) Should any voter spoil or mutilate a ballot in the course of voting at a poll, the voter shall destroy it in the presence of the election officials and the election officials shall then make note of the destroyed ballot and furnish the voter with another ballot.

(e) Any spoiled or mutilated absentee ballot may be exchanged for a new one by returning it to the election board with a request for another. The board shall honor the request promptly and note the dates of related actions. No extension of time will be granted for receipt of exchanged ballots that might not be cast on time.

§81.21 Counting of ballots.

All duly cast ballots are to be counted. Even though it will not be possible to determine the intent of the voter regarding spoiled and mutilated ballots, they are to be counted for purposes of determining whether the required percentage of voters have cast their ballots in the election. Invalid ballots shall not be counted for purposes of determining the required percentage of votes cast.
